# Problem Statement

- **Many students and professionals struggle to showcase their skills effectively.**
- **Traditional resumes lack interactivity and creativity.**
- **There is a need for a personal portfolio website to highlight achievements, projects, and skills.**

# Project Overview

- Designed and developed a personal portfolio website for Surya Sureshkumar.
- Includes sections: Home, About, Projects, and Contact.
- Focus on creativity, user-friendly layout, and smooth animations.
- Built using HTML, CSS, and JavaScript.

# End Users

- **Job Recruiters / Employers –**  
**to review skills and projects.**
- **Clients –**  
**to see past work and**  
**hire for freelance opportunities.**
- **Peers & Colleagues –**  
**for collaboration and networking.**
- **Personal Branding –**  
**to showcase Surya's skills publicly.**

# Tools and Technologies

- HTML5 → Structure of the website
- CSS3 → Styling, layouts, transitions, and animations
- JavaScript → Interactivity & form validation
- Google Fonts (Optional) → Creative typography
- VS Code → Code editor
- Browser (Chrome/Edge/Firefox) → Testing & Deployment

# Portfolio Design and Layout

- Header:  
Name/Logo + Navigation Menu.
- Hero Section:  
Welcome message with background image.
- About Section:  
Introduction & skills.
- Projects Section:  
Creative project cards with hover effects.
- Contact Section:  
Interactive form with validation.
- Footer:  
Copyright and closing note.

# Features and Functionality

- Responsive design  
(works on desktop & mobile).
- Smooth scroll navigation.
- Animated hero section  
with button interaction.
- Project showcase  
cards with hover effects.
- Contact form with  
validation using JavaScript.
- Creative fonts & transitions  
for a modern look.

Hello, I'm Surya  
Sureshkumar

A Creative Web Developer & Designer

View My Work

## About Me

I'm Surya, a passionate web developer who loves mixing creativity and technology to build interactive and responsive designs. I enjoy making websites that look beautiful and work smoothly.

# Results and Screenshot

## My Projects

### ✨ Portfolio Website

A sleek personal portfolio with animations and smooth transitions.

### 🎮 JavaScript Game

An interactive mini-game built with HTML, CSS & JS.

### 🌐 Landing Page

A creative landing page design with modern UI elements.

# Conclusion

- Developed a fully functional portfolio website using HTML, CSS, and JavaScript.
- Achieved a creative and interactive design for personal branding.
- Useful for professional growth, freelancing, and networking.
- Future scope:  
Add blog section, connect with databases, and deploy on a live server.
